

C²TN Thematic Strand - ESRCH

EARTH SYSTEMS, RADIOACTIVITY and CULTURAL HERITAGE

Workshop

GEOPROCESSES, STRATEGIC RESOURCES AND GLOBAL CHANGE

22th September | 9h30m | Meeting room of CTN library

Programme:

- ❖ Recover strategic metals in a green way – **João Paulo Leal**
- ❖ Geoquímica do registo sedimentar: impactes antrópicos e evolução paleoambiental – **Fátima Araújo**
- ❖ Luminescence studies applied to geoproceses and paleoenvironmental reconstruction – **Ana Luísa Rodrigues**
- ❖ Geochemical Atlas of Cape Verde and chemical characterization of secondary raw materials – **Rosa Marques**
- ❖ Environmental and low temperature geochemistry and mineralogy. INAA applied to identify primary and secondary resources – **Isabel Prudêncio**

Look at the past, talk about the present, think about the future!
